

California OES Weather Threat Briefing

Tuesday, November 16, 2021
9:00 AM PST

Day 1 (Tuesday): No significant weather impacts are expected today or tonight, though some areas of dense fog will be present across the San Joaquin Valley, portions of the Bay Area, and coastal southern California through late morning.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/16/21 - 11/22/21

Tuesday-Monday

- Areas of dense fog will be noted across the San Joaquin Valley, portions of the Bay Area, and coastal southern California through late morning today
- Another round of mainly light to moderate rain and mountain snow is expected across northern California later Thursday into Friday.
 - Accumulating snow could cause a few travel impacts at Sierra passes
- Gusty offshore winds are forecast across coastal southern California late Saturday through Monday, bringing elevated fire weather conditions
